

Shorts About Service Men

What the Boys are Doing Here and There

Leo Cardinal who signed up with the Sea Bees several weeks ago has received his call to report and leaves tomorrow for San Francisco and expects to be sent east for training.

"Just a few lines to let you know I'm receiving the Sierra Sun regularly and it seems good to be able to keep in touch with what goes on back home," writes Ensign John Sabin from Cornell U where he is receiving academic training. "They keep us plenty busy here, however, we will soon be through. My regards to all in Truckee."

Captain Ned Morehouse, who five years ago worked at the Sierra Sun, visited here last week en route to San Francisco after attending the funeral services for his brother, killed in an airplane accident while in training in the south. Captain Ned is an aerial photographer and his brief visit here was enjoyed by his many friends. He is stationed in South Carolina.

Charlie Pierce over in New Guinea is now driving a "blitz buggy", he writes to his parents here. A blitz buggy, we are informed, is a half truck, half tank used in the job of chasing Japs.

Staff Sergeant Erving Waters on the QMC now located in Tennessee, writes to say he gets the Sierra Sun every week and enjoys reading about home. He wasn't at all complimentary about South Carolina where he had been stationed and expressed the desire for a furlough before his outfit goes across. He sends best regards to his many friends.

Mrs. Minnie Tnnis of Hayward and former Truckee resident, recently received a telegram that her son, Pfc. Murray D. Tnnis was slightly wounded in action in the North Africa area in March. Tnnis will be remembered here where he worked before going into the service.

LOCAL CAFE OWNERS HEAR OPA OFFICIALS

Nearly a score of restaurant owners Monday night met at the office of the War Price and Rationing Board in the Southern Pacific Hotel where they heard the death knell sounded on attempts to operate without conforming with the restrictive OPA rationing orders. Officials of the Nevada OPA office, Byron Shepard, Fred Horlacher and Fred Carroll explained the new rationing regulations and called upon the local business people to comply in order to maintain their fixed establishments.

TWO SENTENCED ON DRUNK CHARGES

Ninety-day suspended sentences, 30 days of which must be spent in the county jail, were meted out Monday by Justice C. E. Smith to Tom Daly, 64, and Ivan Wood, 40, charged with violating the county's sobriety ordinance. They were arrested by Constable N. F. Dolley.

SUMMIT COUPLE ARE MARRIED AT BAY

Friends on the summit and elsewhere are congratulating Mr. and Mrs. Haven Jorgensen of the Sierra Club who were married April 10 in Berkeley. Mrs. Jorgensen was the former Betty Hammerly of Berkeley. The bridegroom is employed as the caretaker at the Sierra Club near Norden.

BERT CASSIDY BUYS SIERRA NEWSPAPER

Reports from Grass Valley say that Bert Cassidy, owner and publisher of the Auburn Journal has purchased all stock and interests in the Downieville Mountain Messenger, weekly newspaper at Downieville. The paper was previously managed and edited by Victor Cassidy, son of the new owner.

KNIVES AT PREMIUM WITH SERVICE MEN

Those knives which we have been sending to the boys in the South Pacific are really welcome, according to a letter received by Mel Hayes of the quarantine station from a friend, Wayne Miller, who formerly worked with the local man, Miller, now with the SeaBees, says knives of the desired type are worth from \$40 to \$50 in his particular war theater.

It is understood that Bob Luck, famous for his Georgetown Specials, will make a knife for Miller. Luck has made and donated eight knives.

SON IS BORN TO DR. AND MRS. MALONE

Announcements have been received of the birth of Paul Ralph, an eight-pound, three-ounce boy, to Dr. and Mrs. R. G. Malone of Belvedere, California. Mrs. Malone will be remembered as Celeste Johnson, daughter of Mr. and Mrs. W. H. Johnson of Roseville and Weber Lake.

Robert Leamon writes to local friends, saying he is enjoying getting the home town news. He is as well as a mountain man can be on the water and has seen much action.

Lilio Guidi was in Truckee this week visiting friends while waiting his call to naval aviation expected soon. He signed up in November.

SPEED TICKETS ARE ISSUED HERE TO TRUCKS AND CARS

Speeding trucks came in for their share of traffic tickets this week, according to Sergeant B. W. Reynolds of the highway patrol.

Speeding citations were given to Parnell Green, Layton, Utah, truck and trailer, 50 miles an hour; Wallace Brown, Reno, Lang truck and trailer, 60 miles an hour; Wayne Douglas, Reno, 60 miles an hour with loaded truck and trailer; J. E. Perkins, Reno, truck and trailer, 60 miles an hour.

Lester Johnson, Modesto was cited for driving 65 miles an hour and James E. Woods of Sacramento was cited for 60 miles an hour.

SUMMER RESIDENT AT TAHOE KILLED IN AFRICA FIGHT

Mr. and Mrs. G. J. Sweetland of Piedmont have received word that their son, Captain T. R. Sweetland, was killed in action in the North Africa war zone on March 23.

The Sweetlands are well known at Lake Tahoe where they have been going to stay at their summer home, located at Eagle Rock for many years. Besides his parents, the young officer leaves a sister.

APPLICATIONS FOR ANTELOPE PERMIT NOW AVAILABLE

Applications for permit to hunt antelope are now being accepted by the State Division of Fish and Game and should be filed prior to May 1. After this date, a drawing will be held to select the 500 applicants who be from June 1 to June 30 and the same area that was open last year—the eastern portions of Modoc and Lassen counties—will be open this year. Those wishing to participate in this "legal lottery" and take a chance on getting an antelope permit should make application to the Division of Fish and Game, Sacramento, right now.

MORE STATE ROADS OPENED IN DISTRICT

T. T. Buell, superintendent of state highways in this district, reports that crews are engaged in opening Highway 50 from Echo Summit to Kyburz a distance of about ten miles remaining to be opened. Work will be started soon on the Emerald Bay bottleneck which will permit travel all around the lake.

Work has been completed on the opening of the Yuba Pass highway, Buell said.

LATEST RATIONING INFORMATION GIVEN

MEAT, CHEESE, FATS, CANNED FISH—Red coupons A, B, C and D in Ration Book 2 valid now and through April 30. E coupons will become valid Sunday.

PROCESSED FRUITS, VEGETABLES—Blue D, E and F coupons in Book 2 valid through April 30th.

SUGAR—Stamp 12 in Book 1 good for five pounds through May 31st.

COFFEE—Stamp 26 in Book 1 is good for one pound through Sunday.

SHOES—Stamp 17 in Book 1 good for one pair shoes through June 15.

GASOLINE—No. 5 coupon in A book good for four gallons each through May 21.

Easter in City—

Mrs. George Pace and son George expect to spend Easter in San Francisco where Pace is receiving treatment.

Up from Vallejo—

Mrs. Carl Painter and children of Vallejo were here this week looking after their property.

In San Francisco—

Mr. and Mrs. W. H. Laity spent the weekend with relatives in San Francisco.

Visit Here—

Mr. and Mrs. Dallas Brown of Oakland returned to their home at Oakland after visiting Mr. and Mrs. Glenn Sweeney and Mr. and Mrs. D. M. Brown. Mrs. Sweeney had been a visitor in Oakland going down with Mr. and Mrs. W. H. Laity and returning with Mr. and Mrs. Brown.

Back on Job—

E. L. Loynd, who has been confined to his home for the past several days with an infection in his foot, was back on the job at his drug store yesterday.

Up from Sunnyvale—

Mr. and Mrs. Orlan Sanders of Sunnyvale visited friends here this week. Orlan is recovering from a severe attack of flu.

Truck Wrecked As Brakes Fail On Donner Grade

Spilled Gasoline Endangers Traffic For More Than 2 Hours

Traffic on the Donner Summit grade was tied up for two hours Friday night after 10 p.m. when one of the big Lang oil trucks, operated by Alvin Carpenter, 28, Sacramento, got out of control and crashed into the bank. The truck was badly damaged but the driver escaped by leaping off the vehicle after steering it into the rocks.

The mishap occurred about half way down the grade, officers of the state highway reported, when Carpenter said the brakes refused to hold the load. Traffic was stopped because of the fire hazard formed by the flow of spilled gasoline from the tanker.

No serious damage was caused at Soda Springs Sunday when a car driven by Albert Sturmer, 55, of Sacramento struck one owned by Anders Bjornskav, 25, of San Francisco, that was parked in the center of the road. Officer Paul Norboe investigated.

TWO RENO MEN TO FACE CHARGES OF ILLEGAL FISHING

Two Reno residents, W. J. Devex and A. Minotto, both recently employed at the Honey Lake project, were arrested Sunday by Game Warden William LaMarr for fishing out of season. They were arrested on Dog Valley creek by the warden who made a five mile hike into the area. They had a total of 30 trout, LaMarr said and will appear before Justice of the Peace at Sierraville.

Both men protested they thought they were in Nevada although LaMarr said they were at least a mile and a half inside California. Their fish and equipment were confiscated.

LETTER TO EDITOR GIVES PRAISE TO RAIL VOLUNTEERS

The editor gives the home folks all the news about our boys in the army and navy and I think if we would give the editor a few items of what is happening on the home front our boys would enjoy reading it.

Here is a little news for the boys: So many men have left Truckee the railroad company can't get enough section hands to keep up the track, so the company has asked for volunteers to work on Saturdays and Sundays, holidays and any days they have off. Quite a number of highway and other workers have volunteered and are working and as most of them are experienced workers, have the swing and rhythm of using pick and shovel, tamping bar and spike hammer, it is just another day's work for them.

But three of our school teachers are working twenty hours a week. Inquiry was made if Mr. Hofmann could cut it on the section and some of his fellow section workers said "Cut it, he sure can. That bird is tough." Mr. Nelson has been off the farm for a good many years and is out of practice with the section tools. But he still has the farmer idea of an eight hour day (eight hours before dinner and eight hours after) and when the foreman says "Six p.m. Time to quit," his aching bones and tired muscles give a sigh of relief but he sees the sun is still up and looks at the unfinished track work and thinks of the days when he could work from sun to sun and finish up a good day's work by lantern light.

Mr. Griffith must have been brought up under the old school whose motto was Strive to Excel, Be First in Your Calling, be what it may. His fellow workers say he is certainly striving to excel and as soon as he gets the swing of the tools, he will be hard to beat.

These section workers and many others in the old home town that have volunteered for extra war tasks will be as glad as the boys in the army and navy when peace comes and they can get back to easy days—and easy ways.

F. F. KEARNEY.

Truckee Boy Tells Of Life In New Guinea

Dear Mr. Barrett:

Having been in New Guinea for some time, I am beginning to feel qualified to disclose its mysteries or the few of them that aren't military secrets. This huge hunk of jungle and towering mountains is exceeded in size as an island and, one thinks, as an uninhabitable land, only by Greenland; but only a relatively small area has ever been penetrated by white men. Its soil undoubtedly has great possibilities for exploitation both for minerals and for tropical agriculture—rubber, bananas, coconuts, papaya and others that haven't been tried yet. Perhaps this will someday be done if men can do it in spite of malaria and the general mental and physical languor which the hot, moist climate begets in one.

The matter of first importance to a soldier is chow, and chow is as good as the American canning and drying industries can make it—enough said. Beer, girls, milk-shakes and any and all the luxuries of civilization—unobtainable.

To one who had never before seen the jungle it was a most amazing experience. Trees, vines that climb the trees and vines that climb the vines, and plants like huge tulips; and all these struggling to reach the sunlight so that they form a roof of green above and a maze of tree trunks and weaving vines below. The sun never reaches the wet ground which is inhabited by such a variety of insects, bugs, worms as you never thought existed. There are no large mammals (except for a few wallabies) and probably few small ones, but birds are numerous and noisy.

The N. G. native is more interesting than any of the other facts on N. G. Very black, with fuzzy, up-swept hair (sometimes almost red in color) and a docile, friendly nature, these erstwhile head-hunters have been a great help to us as porters, laborers, jungle carpenters and a hundred other occupations. Those who have been in Jap occupied areas are most definitely our allies and they all work well, if slowly, for good treatment, food and a pay arrangement with which I am not well acquainted.

Since there is practically no cultivation, fresh tropical foods are hard to get—but the natives manage to collect some. To get some from them, corned beef in cans, the hard crackers known as hard-tack and coarse plug tobacco make good trade goods. The native diet seems to be vegetarian except for fish (especially near the sea) and the current corned beef, taro, a white sweet potato of fine texture is basic to their diet, supplemented with coconuts, banana and papaya. Their vices are tobacco and betel nut, chewed with lime (the tobacco is smoked either in pipes or in long cigarettes made with newspaper or whatever). I have not been able to locate any native breweries and assume that they have not fallen victim to that particular vice. Coconut milk and sugar are said by the military population to make a strong and singularly vile drink, but I have not experimented with that.

The natives live in villages of thatched huts made from the easily obtainable soft trees with floors a few feet above the ground—if on the sea-shore they build their houses on stilts over the water and reached by rafts floated on hollow logs. They wear rings in the ears and sometimes the nose, decorations in their hair (sometimes flowers), bands on the arms and legs and bright, colored skirts—and never shoes.

I have received the Sierra Sun pretty regularly, and it is quite a morale builder in my case. My best wishes to you and the family and Douglas, and Easter Greetings to all.

Sincerely, Phil Kearney.

PLAY SHOES AGAIN ADDED TO LIST OF RATION ITEMS

The Office of Price Administration has announced that play shoes shipped from factories are back on the rationing list. Shortly after shoe rationing went into effect, existing stocks of play shoes were exempted from rationing. Beginning April 15, however, play shoes shipped from the factories will be stamped with the date and may be sold only with coupons. Such shoes shipped before April 15 will remain unrationed.

Good intentions and wishing won't win the war. Buy Second War Loan Bonds today.

: Sun : Beams

by WALTER M. BARRETT

Truckee is falling a bit behind on its quota for the Second War Bond drive. This quota, we believe was set much too high at \$59,000. Only one fourth of that sum has been obtained by the corps of hard working, sincere citizens comprising the committee. Truckee has done well in its war effort. In all phases of the various requests, local citizens have done a good job, particularly when it is taken into consideration the fact that the war effort has taken materially from the district, dependent largely upon vacationists, travel and various projects now crippled by war restrictions. We may not meet our Bond quota, but the world should know that we will give it everything we possibly can. If we fall short we can have the assurance that we gave it our best and no community can do more than that.

Next week the trout fishing season opens in this district and Truckee as well as other centers in the area is looking forward with mixed feelings to the prospects. We were amused this week to read two separate news releases regarding vacations. The first quoted Donald Nelson, the WPE chief as saying vacations for industrial workers this year would be helpful to war production. "If the workers can restore their energies through periods of physical and mental rest, change and relaxation" it will increase the volume of production, he said. The other story came from OPA which turned thumbs down on additional gasoline for the summer vacationist, even though a doctor's prescription orders a change of climate and scenery. There we have it. Personally, we are inclined to agree with Mr. Nelson but regardless of rules, legal fishing will attract a great many to the area and we may as well anticipate a good season as a bad one.

Speaking of fishing, we understand that an effort is being made to get a large percentage of the residents of Truckee to sign a petition which would bar anything but fly fishing on a large portion of the Truckee river. We will not advise one way or another, but we do suggest that you consider carefully every angle of this effort before committing yourself on a petition.

ISSUE WARNING ON BOND SALE SUCCESS

While Northern California's War Bond subscriptions in the Second War Loan drive mounted rapidly this week, an appeal for continued and persistent effort to the end was voiced by William A. Day, chairman of the War Finance Committee handling the campaign in the 12th Federal Reserve District. Day cautioned against optimism on the basis of the bond sales in the opening days of the campaign.

Tahoe Briefs

Mrs. D. M. Brodehl has again departed for her daughter's home in Vallejo where she will remain for sometime assisting with the housework and care of the new baby who has been named Randal Gary. His mother, Mrs. Violet Pomin, returned home from the hospital Wednesday of last week.

From Tacoma last week Mrs. Annie Soll of Pine Lodge wrote that she was enjoying her visit, but planned to return to Tahoe soon. Her husband declares that she may continue on down to the bay region to visit with her daughters, Alice and Mary Jane students in the bay region schools.

Mr. and Mrs. Ben Stanley of Tahoe and Truckee are home after enjoying a visit in the bay region.

Dyke Moore who spent the winter near Lincoln with his family, is now working at the Ehrman estate near Pine Lodge. His wife and children plan to join him after their school is out for the summer months.

Mrs. A. M. Anderson accompanied Mrs. Stella Watson to Reno Sunday the two taking in the show at Truckee before returning home.

To Carson City—

C. E. Smith accompanied by Frank Powell will go to Carson City Easter to return with Mrs. Smith who has been visiting there for several weeks. Powell will visit the Jesse Maxsoms.

Fishing Prospect Looms Bright In Local Districts

Truckee-Tahoe Area Will Provide Good Bait Fishing

The Truckee-Tahoe districts will provide better than average fishing when the season opens May 1, it is predicted by experts of the art here who base the calculations on the fact that millions of rainbow and eastern brook fry were planted in local lakes and streams last fall and the winter has been comparatively mild which should have promoted development.

Those who scorn the use of the lowly worm, however, and adhere to strictly flycasting will be forced to wait as high water in all sections will not make good fly fishing.

Reports from the Nevada side of Lake Tahoe which opened April 15, are that fishing in the lake is excellent. The Truckee river below the state line has also produced fair results and the river and its tributaries should be good by May 1.

Game Warden William LaMarr who has made a complete inspection of the district says most streams are high but that barring new storms the water should be clear. The Little Truckee, Prosser, Martis and Donner were all heavily stocked last fall and all being accessible to travel may give bait fishermen good results.

Some question still exists regarding use of boats on Boca Reservoir. As this restriction is governed by the reclamation bureau, local officers are powerless to give information. It is also illegal to fish within 1000 yards of the Boca dam in the reservoir or on the Little Truckee between the dam and the Truckee river.

The Upper Truckee from the south end of Lake Tahoe is closed to July 3, LaMarr said, while Blackwood and Ward Creeks, tributary to Tahoe, will not be opened this season until July 1 as a conservation measure. In the past they have opened May 31.

Webber and Independence Lakes will open May 31, although Donner opens next week on May 1.

Cold Creek and Trout Creek south of Lake Tahoe and Star Lake have been permanently closed for the season.

The only new closure in Nevada County thus far announced is Canyon Creek from its source on the South Fork of the Yuba to Bowman Lake.

On the whole conditions will be better than usual in this district and despite rigid restrictions on the use of gasoline it is expected that the season will be average.

PEARSON GOES TO NEW POSITION AT SACRAMENTO SOON

V. E. Pearson, Truckee roadmaster for the past four years, has been assigned to the same position with the Southern Pacific at Sacramento. He has been discharged from the S. P. Hospital in San Francisco and is expected to assume his new duties shortly. The family will move within the next week, it was announced.

Alvin Stackhouse has replaced the former official here and is expected to be permanent.

Pearson has been active in local civic affairs here and is president of the high school board, although his term expires soon. He is past president of the Rotary Club and both he and Mrs. Pearson have been active in church and social affairs.

BURNING FORBIDDEN WITHOUT PERMITS

The State Board of Forestry has issued an edict through State Ranger W. F. Sharp that no more trash or rubbish burning will be permitted without a permit. This ruling became effective April 15.

TWO DIRECTORS WILL BE ELECTED IN TPUD

Two directors of the Truckee Public Utility District will be elected on Tuesday May 4, according to a notice being published this week.

The two incumbent directors, E. L. Loynd and George Pace have filed for reelection and no opposition has been announced. The election will be held at the office of the district and election officers are Frank Powell, Marie Cabona, Rose Kiehofer, Winifred Kamp and Hannah Stewart.

Second War Loan Bonds will keep us out of bondage.

Write a Neighborhood News Letter to a Neighbor Boy in the Service

With the need to make every tire mile count and every minute count our ideas of a good time are changing. We can see by the papers how Block Clubs are creating neighborliness and evening hours are devoted to worthwhile projects that are fun. That means eyes are being used in more concentrated work. There is a chance of eyestrain unless lighting in the home is kept up to the standard needed for easy seeing. Observe all the dim-out rules about light outside your home but enjoy the dim-out with Adequate Light in your home.

AVOID WASTING LIGHT and yet have GOOD LIGHT too!

- 1 50% more light for same amount of money... A 100 watt bulb gives half again as much light as four 25 watt bulbs.
- 2 Place lamps where they are most useful... Often moving lamps a few inches will help make seeing easier—protect eyes from strain.
- 3 Keep lamp bulbs and bowls clean... Wipe lamp bulbs and bowls frequently with damp cloth. Replace blackened bulbs.
- 4 Lamp shades with white lining... will increase the diffusion of light as much as 50% in comparison to dark shades.

Tahoe Schools

The Kings Beach school opened on March 20 with Miss Marian Wittman again teaching. Seven steady pupils are in attendance and more are anticipated daily. School is being conducted, as in Tahoe City, for the high school classes on Saturday from 9 to 1 o'clock to make up for time lost due to closing the schools earlier in the season.

Everett Peterson of Kings Beach who has been stationed at a submarine base in Alaska, it asweek sent the school a recent photograph of himself which greatly pleased his former classmates. He has received many letters in return.

Miss Peg E. Stewart, daughter of Mr. and Mrs. J. Stewart of Lake Forest is back in school again this week after being absent with a bad attack of tonsillitis.

Mrs. Bliss Hinkle, high school teacher this week announces that beginning this Wednesday at 3:10 p.m. a period of music enjoyment will be held weekly for the students of the various classes as well as the Tahoe residents. It will be held in the auditorium and all are welcome. A total of 25 volumes of symphony and concert records are available for use.

Mrs. June Dyer, former elementary grade teacher at Tahoe, now married and living in San Francisco, will enjoy this week vacationing among her friends at Tahoe.

Don Miller, former high school student at Kings Beach, has reportedly passed the test for seniors, given by the government, which will entitle him to a free college education.

Ray Barton another Kings Beach lad who attended Tahoe's high school is now in the paratroopers in a southern California training station.

Lt. and Mrs. M. B. Gaylord and little daughter were guests of the Stanley Martins in town Monday of last week. Lt. Gaylord is attached to the airport at Merced. Mrs. Martin and Mrs. Gaylord are sisters.

80 ATTEND DINNER FOR OBSERVANCE PUBLIC SCHOOL WEEK AT TAHOE

TAHOE CITY, April 22.—More than 80 persons attended the potluck supper given at the Tahoe Lake school auditorium Saturday night to observe Public Schools Week.

Mrs. Ila Martin, chairman of the refreshment committee and her aides Mrs. Leon Dockham, Mrs. George Tiffce, Mrs. Allan Pollitt, Mrs. Stella Watson and Mrs. Ida Simmonds, rendered excellent service in caring for the crowd which appeared to enjoy the varied dishes prepared and taken by the women folks. The school orchestra played during the dinner with Buddy Fox entertaining with piano solos in the interim.

Following the dinner the children of the grammar school grades appeared in playlets depicting the benefits of good foods and the unwise practice of spreading false rumors.

Motion pictures were also enjoyed. Everyone declared the evening's entertainment a success. Mrs. Myrtle Gallinger supervised the program.

Tahoe Briefs

Mr. and Mrs. William Bosen and two children are again occupying their home in the Bittencourt tract for the summer. He is a carpenter for Contractor Mayfield.

Mr. and Mrs. Stanley Martin were guests with Theodore Schleuter at the Rotary Club banquet in Reno Sunday evening.

Mr. and Mrs. N. R. Mayfield who spent the winter months in the bay region are back at Tahoe for the summer. Their nephew, Pete Ables is staying with them.

Dick Carnell who has been employed at the fish hatchery has quit his job and will work at Tall Pines, the summer home of Henry Kaiser, for the summer. Mr. and Mrs. Floyd Carnell were up from Richmond for the weekend, visiting Reno before returning.

Rose Boyiaredes arrived on schedule and with Mrs. B. W. Reynolds will open Høyenbunch's Cafe for the summer soon.

Mr. and Mrs. Clinton Turnage and small daughter left Monday for a motor vacation of several days. They have been making alterations and improvements at their Lake Forest home since they arrived back at the lake. They are not planning, at this time, to reopen their store at Tahoe.

Another store in town which, it has been reported, will not open for the summer is Sam's Market. Sam, who is a toolmaker told friends before leaving that he planned to seek war work for the duration.

H. I. Snider and assistants from Truckee Monday of last week went to work repairing the forest service lines in the lake region.

Dave and Phila Chambers will open Chamber's Lodge as usual on May 29 and moved back to Hotel Woodland this week. They plan to come to Tahoe about May 15.

Mr. and Mrs. Nace Firpo and their friends, Mr. and Mrs. Dick Taylor of Oakland visited briefly at Lake Inn the first of the week.

Mr. and Mrs. Andy Sorensen and son, Ray, and Bill Martin motored up from their Hayward home for a weekend at their Tahoe Vista residence. They longed to return to the lake, but will continue in essential industry until the government releases once more some materials for private dwellings.

Mr. and Mrs. Carl Sorensen motored over from Reno last week to look at their property here in the same district.

Dennis Gordon is engaged in cutting up a large tree which fell on the John Fulton property near Carnelian Bay. Bob Harkness has been working on another which fell in the Sunny-side beach district.

Mrs. John Pingree of Tahoe Pines is recuperating in St. Francis hospital in San Francisco from a serious operation and is now well on the way to recovery. Her daughter Virginia is caring for little Skipper Pingree's foster son.

THE 2ND WAR LOAN DRIVE IS ON!

Come on, Let's WIN this war!

If we should lose the war, life would not be worth living.

"But we won't lose it," you may say.

Listen, brother—in this world nothing's sure, unless you make it so.

This month it's up to us here at home to do our part, and then some, to make Victory surer—and quicker! To do it, we've got to lend Uncle Sam 13 billion extra dollars.

It isn't easy—but war isn't easy and Victory isn't cheap. It takes money—and more money—to buy planes, ships, tanks, guns and a million other things our boys must have to deliver that final, paralyzing knockout punch.

And it's a whale of a lot easier for us at home to lend our money than for our boys to fight through the hardships and dangers of deserts, swamps, jungles, ice-fields and sub-infested seas!

There are 7 different types of U. S. Government securities—choose the ones best suited for you!

THEY GIVE THEIR LIVES... YOU LEND YOUR MONEY!

UNITED STATES TREASURY WAR FINANCE COMMITTEE—WAR SAVINGS STAFF—VICTORY FUND COMMITTEE

Mrs. Anderson has packed a box of children's books to be shipped to the Carson orphanage this week.

Henry Wehrman who has spent the winter in Sacramento working at the airport will return with his wife to the Tavern for the summer this week. The C. W. Vernons who were caretakers all winter will move back to their home in town.

Mr. and Mrs. Charles Heller were due in Sunday at Meeks Bay to pack

up their furniture for removal to their new home at San Rafael.

Miss Minola Tackett visited over the weekend at the home of her parents, Mr. and Mrs. A. K. Tackett at the Drum estate at Meeks Bay. She is taking a secretarial course in a San Francisco business school. Another daughter, Mrs. Geraldine Stillborn of San Francisco will remain for an indefinite visit.

LAKE TAHOE News

(BY SWANEE)

Telephone Tahoe City 66J

TAHOE LETTER

To the Service Men
From SWANEE

Tahoe City, Calif.

Dear Tahoeites:

Sunday again, and lovely, with the warm sunshine and a heaven filled with fluffy white clouds which offer a charming vista reflected in the lake's calm surface.

On Tuesday of last week, I, like a number of other Tahoeites, celebrated the opening of the highway by motoring to the big city of Reno for a short vacation and needed medical attention. Stopped in to see my bosses, the busy Barretts of the Sierra Sun in Truckee briefly, then on to the metropolis. Picked up an M. P. from Soda Springs, Pvt. James Johnson (Ed to his buddies) who rode with me to Reno. The green fields and snowless landscape were a rare treat to my snow-wearied eyes, and when we neared the biggest little city and spied the yellow daffodils, lilacs and pink and white fruit blossoms in a gay array of colorful bloom it seemed like a visit to another world.

Despite an abscessed arm which had to be lanced, I derived much pleasure and relaxation from my visit. Visited Mrs. Minnie Pomlin and Otto Rempfer, two Tahoe residents at St. Mary's hospital. Minnie was returned to her home at Idlewild on Saturday, after a trying trip for her weakened condition, but was resting as comfortably as could be expected. Sunday Otto also returned to Tahoe Saturday, following a long and painful siege of illness resulting from a bad fall while at work months ago. Few gave him any chance for recovery, but he has recuperated surprisingly and can walk for some distance now with the aid of his cane. He will probably remain at Lake Forest for a time, his plans for the future being indefinite.

Out to Idlewild Park to visit the ducks with my little grandson, Sammie Lee who delights in feeding them dry bread at the lake's edge. Numerous soldiers and their girl companions, taking advantage of the warm evening air, also arrived at the lake with filled bags and laughed at the ducks' antics while being fed. Back at the apartment of daughter, Phyllis clusters of apple blossoms peeked in at the windows and on Wednesday night the heat was so intense even a sheet was too much to bear. Thursday brought a thunder storm with a heavy downpour of rain which sent pedestrians scurrying for shelter. For more than an hour a lively display of sheet lightning over the Nevada hills thrilled and terrified the crowds.

Fishing Season

On the 15th Nevada's menfolks turned out en masse, it seemed, to test their favorite fishing rods and tackle. Even youngsters with crude sticks and doubtful lures dangled lines from points of vantage all along the Truckee. Swift and muddy, the water appeared far from lucrative from a fisherman's angle. And so the reports of the day read... with very few catches, the largest being a fish weighing between five and six pounds. But despite this, most of them were back again the next day for more sunshine and fresh air. If nothing more — a boon Tahoe fishermen will be enjoying come May 1st, little more than a week distant.

Visits Carl Bechdolt

On Friday, a run out to the Carl Bechdolt's menage on Donner Drive where I found Carl Jr., Elsie, Christine and Carol, Mrs. Bechdolt, Sr., and Miss Esther Purviance. Carl's pretty nurse, all soaking up the sunshine on the front lawn. While enjoying a refreshing drink, I strove to bring them up to date on the Tahoe news. Carl was taking his daily sunbath, and although not his usual robust self, was making excellent progress toward complete recovery of his health. His appetite is good and his spirit cheerful and he is looking forward to returning to the lake just as soon as his doctor will permit, possibly around May 1.

LEGAL NOTICES

NOTICE OF ELECTION
For Members of the Governing Board of the Meadow Lake Union High School District

NOTICE IS HEREBY GIVEN to the electors of the Truckee Precincts, Meadow Lake Union High School District of Nevada County, California that the Annual Election of members of the Board of Trustees of the Meadow Lake Union High School District will be held on the third Friday of May, viz, May 21, 1943.

It will be necessary to elect two members.

The polling place for said electors of the Truckee Precincts, Meadow Lake Union High School District will be at the Truckee Elementary School in the Truckee Elementary School District.

The polls will be open between the hours of Two O'Clock P. M. and Six O'Clock P. M.

The officers appointed to conduct the election in the above-named precincts are:

Mrs. Cora Maxsom, Inspector.
Mrs. Lotta Bryant, Judge.
Mrs. Crystal Nelson, Judge.

A description of the boundaries of these precincts is attached hereto and made a part thereof.

(Signed) C. B. White, Clerk.
April 15, 1943 A15-22-23

LAKE STILL HIGH WITH SNOW RECEDING AT TAHOE

The lake level Monday stood at 6228.20 with 900 CSF of water leaving the dam. Only a trace of snow remains on the ground throughout the wooded Tahoe districts, with drifts four and five feet high in some places.

lent progress toward complete recovery of his health. His appetite is good and his spirit cheerful and he is looking forward to returning to the lake just as soon as his doctor will permit, possibly around May 1.

Billie Bechdolt returned from a game of golf before I left and says he will leave for the induction center at Monterey where he will be assigned to camp for basic training on Tuesday.

Met Mrs. Helen Spencer, formerly of Lake Forest on Virginia street, and she told me her son Roy is now a member of the infantry at Camp Roberts. She is living in Reno and is active in the AWWVS and the USO circles.

Looked up Mr. and Mrs. James Wilson of Tahoe Cedars and made a tour of inspection of their new ranchette on Capitol Hill boasting fruit trees, berries, currants, a vegetable garden, lawn, rabbits and chickens and a cozy white cottage and garage.

Wound up my Reno visit Saturday by motoring with my daughter out to the army airbase to pickup First Sergeant Charles Adam Hall of Illinois for a weekend at Tahoe with the family... a weekend of which he wrote graciously in my guest book: "the best time I've had since in the army"... which pleased us no end.

On Vacation

We learned last week that Jack Hemple returned to his father's home at Brockway Monday from Roswell, N. M., where he has been stationed with the army. He is a member of the medical reserve corps and is enjoying a well-earned vacation before reporting back for duty.

Several members of the armored division from Camp Beale were in Tahoe last week to make accommodation arrangements for 50 officers and their wives who plan to arrive at Tahoe around the middle of May for a vacation. It was not learned in what section they will be located.

Sea Bee Frank Nease, recently of Alaska, was seen in Truckee one day last week on leave, accompanied by an attractive red-headed gal. CB nease was confined to sickbay for some time recently following an operation but is now reported in excellent health.

Bill Connors of Pasadena, nephew of Mr. and Mrs. Carl Bechdolt, Sr., is now training for the air corps in Oregon. His wife and three months old baby are living with her parents in Altadena. Bill is well known at Tahoe where he frequently visits during the summer season.

On Sunday afternoon I took daughter Phyllis and Sergeant Hall down to catch the train at Truckee for Reno and met Alice Brown coming in from Sacramento. Was glad to give her a ride to the J. E. Pomins at Idlewild where she will remain to take care of her sister, Minnie.

I have a report, unconfirmed, this week that Sailor Jack Walters, former Tahoe high school pupil, who lived at Brockway, has returned to the U.S. to a government hospital with a severe neck injury. He took part in the fighting in the South Seas.

Must leave you again for another week, sending along the best wishes of your hometown folks and their every blessing. We know many of you are right in the thick of the fray in distant lands and are proud you are finding a place in this fight for preservation of liberty and honor. Our prayers are with you all... and just in case you seagoing Tahoeites have forgotten why your ships are called SHES, here it is: because it costs so much more to keep them in paint and powder. Happy landings to you all and carry on! Yours for Victory and Peace in 1943, as ever, SWANEE.

MISS LILLIAN VERNON IS MARRIED TO HARRY D. BLANCHARD IN NEVADA

TAHOE CITY, April 22.—Stealing a march on their friends, Miss Lillian Vernon and Harry D. Blanchard were married in the court house at Reno Saturday. Only attendants were Mr. and Mrs. C. W. Vernon, parents of the bride.

Judge Harry Dunseath performed the ceremony at 2:30 Saturday afternoon. The bride wore an attractive powder blue suit of jersey with white picture hat and white accessories, a cluster of white gardenias gracing her shoulder. Mrs. Vernon also wore powder blue with accessories of a deeper shade and gardenias.

Following the ceremony the quartet enjoyed dinner at the Colombo Cafe. The newlyweds are spending a few days in Reno before leaving the early part of the week for Michigan where they will visit his folks. They then plan a leisurely honeymoon that will take them to a cottage beside Lake Huron.

Tahoe friends of the couple plan a number of social events for them upon their return here in the summer. They hope to purchase a home in the west. Congratulations of their many friends at the lake are extended them.

TAHOE FISHERMAN CATCHES LIMIT IN NEVADA APRIL 16

TAHOE CITY, April 22.—Bob Wallace, Tahoe highway foreman is the only local man we have discovered who tried his luck fishing in the lake in Nevada for trout this season to date. His efforts on the 16th and 17th were crowned with the limit, and netted him three nice ones on Sunday. He didn't get out the opening day. We have not yet contacted anyone from the Nevada shoreline who observed the results of the myriad fishermen who took advantage of the opportunity to cut down on their meat bills.

PIONEERS IN FUEL OIL SERVICE

When you ANSWER PROMPTLY

—you increase the effectiveness of America's war machine!

Every mile of telephone wire, every piece of equipment, is part of America's war machine. War work has given the lines more calls to handle than they have ever handled before. More wires, more switchboards could be used, but to manufacture them would take important materials away from the shooting side of war.

But the existing network can handle far more calls if each call is answered as promptly as possible.

We now handle on the Pacific Coast more than 12,400,000 calls a day. Two seconds saved on each call would enable us to handle over 160,000 more calls daily. That would be an effective contribution to the war effort.

Will you, in home or office, do what you can to help save these important seconds in telephone time?

We appreciate your co-operation.

Truck driver (less than 4 cubic yards water level capacity)	0.90
Any classification omitted herein not less than	0.875
Overtime - one and one-half (1½) times the above rates.	
Sundays and holidays (except watchman, guards and flagmen) - one and one-half (1½) times the above rates.	

The rates of wages, including overtime, holiday and Sunday rates, above specified are subject to the effect, if applicable thereto, of executive orders of the President of the United States No. 9240, dated September 9, 1942, and No. 9250, dated October 3, 1942, and to any modification thereof and to any and all lawful orders of the President or any other authorized Federal officer or agency, insofar as the same may be applicable to this contract. In case of any inconsistency, the rates fixed by any such applicable Federal order, whether higher or lower, shall control.

In accordance with the provisions of Section 1777.5 of the Labor Code, as amended by Chapter 971, Statutes of 1939, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.

In accordance with the provisions of the State Contract Act, prospective bidders must file with the Department of Public Works answers to questions contained in a standard form of questionnaire and financial statement including a complete statement of their financial ability and experience in performing public works. Standard forms of such questionnaire and financial statement can be obtained from the State Highway Engineer at his office, Public Works Building, Sacramento. The Department of Public Works will not furnish proposal forms to prospective bidders who have not submitted such questionnaire and financial statement for prequalification at least five days prior to the date fixed for publicly opening sealed bids and been prequalified for at least one day prior to said date.

No bid will be accepted from a Contractor who is not licensed in accordance with the law, under the provisions of Chapter 781, Statutes of 1929, as amended, or Chapter 37, Statutes of 1939, as amended, or to whom a proposal form has not been issued by the Department of Public Works. Plans may be seen, and forms of proposals, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the

NOTICE OF ELECTION
Notice is hereby given that a GENERAL DISTRICT ELECTION will be held in the Truckee Public Utility District, County of Nevada, State of California on Tuesday, the 4th day of May, 1943, at which election the following offices are to be filled:
Two (2) Directors at large will be elected for a term of four years.
Notice is also hereby further given that at said election the polls will be open from the hour of 6 o'clock A. M., to the hour of 7 o'clock P. M., on

Closing Order No. 87
Department of Natural Resources
State of California

ORDER CLOSING TROUT STREAM
For the purpose of further protecting trout with which the Fish and Game Commission has stocked the various waters of this State, of insuring their larger growth and better means of propagation, as well as providing an adequate supply of trout eggs for the various fish hatcheries of this State to the end of improving fishing conditions generally throughout the State;

Now, therefore, upon recommendation of the Fish and Game Commission of the State of California and pursuant to and by virtue of the authority vested in me by provisions of Section 629 of the Fish and Game Code, State of California, it is ordered that the following waters within the County of NEVADA, State of California, be and the same are hereby closed to trout fishing or the taking, killing or having of any trout therein or therefrom from and after the date hereof and during all times and seasons until such time as new legislation is enacted by the State Legislature or by further or other order of the Director of Natural Resources.

All of that portion of CANYON CREEK from its junction with the South Fork of Yuba River in Sec. 4, T 17 N., R 11 E., M. D. B. & M., to the downstream face of Bowman Dam in Sec. 5, T 18 N., R 12 E., M. D. B. & M.; all of said waters lying in T 17 N., R 11 E. and T 18 N., R 11 & 12 E., M. D. B. & M.

It is further ordered than in addition to the publication of this order as provided for by Section 631 of the Fish and Game Code, State of California, a copy hereof be posted at the Courthouse of said County at the place where notices are posted, pursuant to the provisions of Section 1200 of the Probate Code, State of California, or some other conspicuous place.

Given under my hand and seal this 5th day of April, 1943.

W. H. MOORE
Director of Natural Resources
I, Earl Warren, Governor, do hereby give my consent to the above and foregoing order.

EARL WARREN
Associated General Contractors in San Francisco. The District Engineers' offices are located at Eureka, Redding, Marysville, San Francisco, San Luis Obispo, Fresno, Los Angeles, San Bernardino, Bishop, Stockton and San Diego.

A representative from the district office will be available to accompany prospective bidders for an inspection of the work herein contemplated, and Contractors are urged to investigate the location, character, and quantity of work to be done, with a representative of the Division of Highways. It is requested that arrangements for joint field inspection be made as far in advance as possible.

No bid will be received unless it is made on a blank form furnished by the State Highway Engineer. The special attention of prospective bidders is called to the "Proposal Requirements and Conditions" annexed to the blank form of proposal, for full directions as to bidding, etc.

The Department of Public Works reserves the right to reject any or all bids.
